

# How to make an Anglian Water chancer

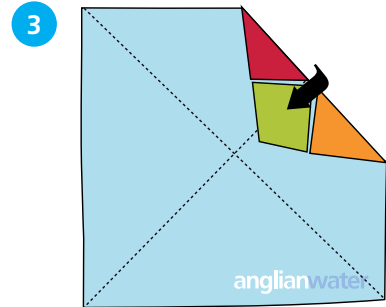

Follow these simple instructions to make your Anglian Water chancer. Once you have made your chancer, test it out on your friends and family to see how waterwise or sewerwise they are.

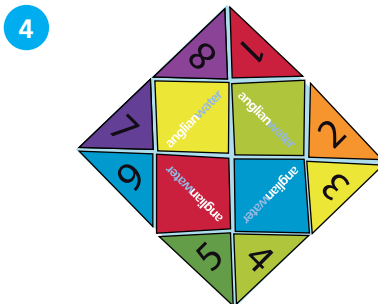

Put your eight stickers carefully onto the triangles and try not to overlap. If not using stickers, write your waterwise or sewerwise messages on each triangle.

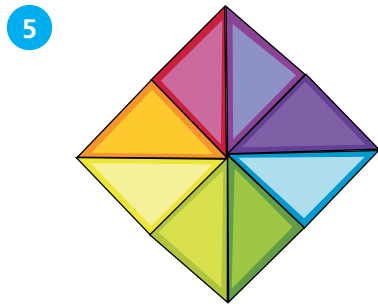

With the blue side facing upwards and Anglian Water logo showing, fold in half twice along the dotted line as shown.

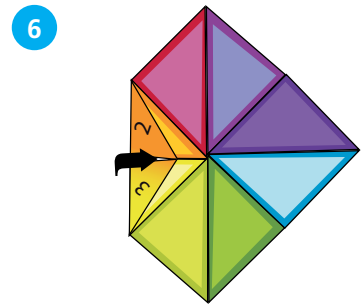

With the blue side still facing upwards, fold all four corners into the middle.

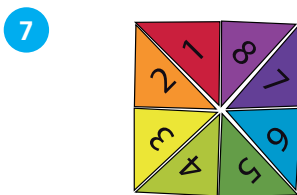

Your chancer should now look like this.

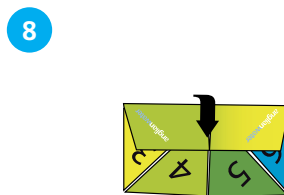

Now turn your chancer over.

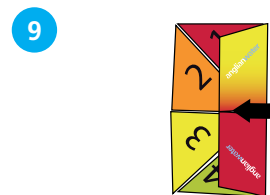

Fold all four corners into the middle so you can see the numbers.

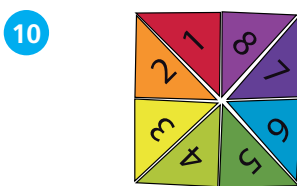

Your chancer should now look like this.

Fold in half one way (with the numbers on the inside) and then open out.

Now the opposite way.

Then open it out again.
